I close my eyes and I can see A world that's waiting up for me	I close my eyes and I can see A world that's waiting up for me	I close my eyes and I can see A world that's waiting up for me
That I call my own	That I call my own	That I call my own
Through the dark, through the door Through where no one's been before	Through the dark, through the door Through where no one's been before	Through the dark, through the door Through where no one's been before
But it feels like home	But it feels like home	But it feels like home
They can say, they can say it all sounds crazy They can say, they can say I've lost my mind I don't care, I don't care, so call me crazy We can live in a world that we design	They can say, they can say it all sounds crazy They can say, they can say I've lost my mind I don't care, I don't care, so call me crazy We can live in a world that we design	They can say, they can say it all sounds crazy They can say, they can say I've lost my mind I don't care, I don't care, so call me crazy We can live in a world that we design
'Cause every night I lie in bed The brightest colours fill my head A million dreams are keeping me awake I think of what the world could be A vision of the one I see A million dreams is all it's gonna take A million dreams for the world we're gonna make	'Cause every night I lie in bed The brightest colours fill my head A million dreams are keeping me awake I think of what the world could be A vision of the one I see A million dreams is all it's gonna take A million dreams for the world we're gonna make	'Cause every night I lie in bed The brightest colours fill my head A million dreams are keeping me awake I think of what the world could be A vision of the one I see A million dreams is all it's gonna take A million dreams for the world we're gonna make
There's a house we can build Every room inside is filled	There's a house we can build Every room inside is filled	There's a house we can build Every room inside is filled
With things from far away	With things from far away	With things from far away
The special things I compile Each one there to make you smile	The special things I compile Each one there to make you smile	The special things I compile Each one there to make you smile
On a rainy day	On a rainy day	On a rainy day
